EXCELLENCE IN PLASTIC SURGERY

Our Patients Are Celebrities!

Dr. Steve Laverson is one of the most experienced and trusted plastic surgeons in Southern California because his practice is patient centric, not procedure centric. At Feel Beautiful, the patient is the most important person. This premise drives Dr. Laverson's passion for service, and his inspiration to the highest standards. He is certified by the American Board of Surgery, the American Board of Plastic Surgery, and a member of the American Society of Plastic Surgeons. Just as the result of a painting depends on the artist, the result of complex cosmetic procedures depend on the surgeon's aesthetic sense, technical skill, and commitment to help fulfill the patient's vision. Dr. Laverson's philosophy, inherited from many great surgeons, results in consistently superior outcomes, and true value.

“The opening of our boutique office in North County's leading outpatient health center combines world-class results with incredible convenience.”

Steve Laverson, M.D.
